

PARTY LINES DRAWN ON TARIFF

Democrats Materialize Small Majority in a Test Vote Today

PUBLIC TARIFF HEARING FAILS BY FIVE VOTES

Vice President Clashes With Senator Gallinger About "Galleries' Applause"

WASHINGTON, May 16.—By a vote of 36 to 41 the senate today rejected the Penrose and LaFollette amendments designed to force public hearings on the Underwood tariff bill before the senate finance committee. Senator Poindexter supported the demands of the amendment, while Ransdell and Thornton voted with the Republicans. All others voted along strictly party lines.

Vice President Marshall and Senator Gallinger clashed today during the tariff discussion. During an address by James of Kentucky, Gallinger protested against applause from the galleries. Vice President Marshall remarked that a few days ago when Republican arguments were applauded the shoe was on the other foot. Senator Gallinger objected to the Vice President's remark. When James had concluded Vice President Marshall admitted that he had been out of order.

In his speech James opposed the Penrose resolution for an open tariff discussion, and also criticized Broussard of Louisiana, who recently gave notice that he would vote against the free sugar schedule, James saying of the latter: "Such a statement causes no surprise, coming from that kind of a Democrat."

STRENUOUS TIME AHEAD TO JUNE 16

Gov. Johnson and Assistants Must Hustle to Get Bills All Signed Up

SACRAMENTO, May 16.—Though the weary grind of the legislature is over, Governor Hiram W. Johnson and his office assistants have before them a strenuous period that will run up to June 16, the last day for the signing of bills.

Dozens of applications have been made for hearings on bills and the governor will hear over again arguments presented to legislative committees. As soon as he gets his files arranged he will announce dates for hearings.

A large percentage of those who have asked hearings want to talk on the water commission and the workmen's compensation bills. Quite a number are interested also in the automobile license bill, which requires annual registration.

The governor has yet to pass on approximately 1000 measures.

PEACE UNION WOULD CEDE LAND TO BRITAIN

WASHINGTON, May 16.—A proposal to cede to Great Britain the coast strip of southeastern Alaska, 536 miles long, and in some places eight or ten miles wide, was made in a joint resolution introduced yesterday by Representative Stevens of Texas, at the request of the Universal Peace union at Philadelphia.

Bomb Campaign Is Kept up by Suffragettes

LONDON, May 16.—The suffragettes' campaign of planting bombs in public institutions was continued today, several explosive engines being found in various places. A canister filled with explosives and with a clock-work attachment was found in the Rotherhithe public library in southeast London. It was labeled "Votes for Women."

Another machine was found in a letter box at Wadsworth post-office. A third was found in Holy Trinity church at Hastings.

Last night bombs were found in several railroad stations. Several of these, however, were imitations. A police guard of public buildings is being maintained.

Pomona Plans Two More School Buildings
POMONA, May 16.—As soon as the preliminary arrangements can be made, the Board of Education of this city will call a special election to vote on \$30,000 bonds for the erection of two new buildings, a grammar and a primary school for the southeast section of the city. This matter was decided at a special meeting of the Board of Education this morning.

Hope For Flagler Has Been Abandoned
WEST PALM BEACH, Fla., May 16.—Henry M. Flagler, the millionaire traction railroad magnate, is weaker and all hope of recovery has been abandoned.

DARROW CASE IS STRICKEN FROM CALENDAR

Judge Wood of Los Angeles Superior Court Acts on Atty. Ford's Motion

LOS ANGELES, May 16.—Acting District Attorney Ford refuses to state whether the removal of the second trial of Clarence Darrow from the court calendar means that Darrow was not to be retried on the charge of bribing Juror Bain of the McNamara trial jury. The case was removed upon counsel's representation that business and health will not permit Darrow to come here on June 16 when the case was scheduled for trial.

District Attorney Fredericks is ill in a hospital, and Ford absolutely refused to venture any opinion. The impression, however, seems to be general that the case will not be retried.

Case Removed From Calendar
LOS ANGELES, May 16.—With every indication that it would not again be set for trial, the charge of bribery against Attorney Clarence Darrow was stricken from the calendar of the superior court yesterday by Presiding Judge Wood. The action was taken on a motion of Acting District Attorney Joseph Ford, and with the consent of Attorney H. L. Geisler, who appeared for Darrow.

In making the motion the district attorney reserved the right to ask for the case to be reset, but it is considered unlikely that any such action will be taken. The case was set for its second trial to begin June 16. The first trial, which occupied six court weeks, resulted in a disgraced jury after nearly forty hours' deliberation.

District Attorney Fredericks played but little part in the prosecution of this case, having put the matter in the hands of his younger assistant.

Mr. Darrow is now in Chicago, where he has extensive legal practice. In a telegram received by Attorney Geisler yesterday, the noted labor attorney agreed to the motion made yesterday by Ford.

AIR ATTACK ON ORANGE COUNTY GUAYMAS IS PLANNED

Didier Masson Is Assembling Aeroplane For Rebel Mexican Forces

FEDERALS ASK FOREIGN VESSELS TO PREVENT

\$25,000,000 Loan Is Now Being Negotiated by Mexico For R. R. Development

DOUGLAS, Ariz., May 16.—Messages today from Guaymas, state that Didier Masson, the aviator released by the federal authorities after his arrest near Tucson, has arrived at the rebel camp there and is superintending the assembling of his aeroplane for an aerial attack on the federal barracks. The federals will ask foreign vessels at Guaymas hard by to try to prevent the aerial attack with their guns.

\$25,000,000 LOAN SOUGHT FOR R. R. DEVELOPMENT
LONDON, May 16.—A Mexican government loan of \$25,000,000 for the restoration of the railroads in that country is understood to have been practically arranged here and in Paris. The terms have not yet become available, but it is stated that they are high. The Mexican agents are endeavoring to secure fifty million dollars more to be utilized for governmental purposes.

Lord Cowdray has been active in the negotiations, but not through Coutts bank, as privately reported.

KNOWLAND FOR U. S. CONTROL OF CANAL

Says No Treaty Violation Must Be Made But America Has Right to Decide

MOHONK LAKE, N. Y., May 16.—America's right to control the Panama canal was defended at the peace conference today by Congressman Knowland of California.

"No patriotic American," Knowland said, "would countenance the violation of treaty obligations, but on the other hand, would not a citizen be lacking in patriotism who would hastily and without careful investigation, blindly accept an interested foreign nation's interpretation of the disputed treaty that means surrender of rights valuable to American safety?"

Knowland declared Washington officials understood that the British protest to the proposed tolls was due to the action of Canadian railroads, adding: "While I am a Californian, it does not follow, even in view of recent happenings, that I am particularly belligerent. A serious contention with England over the question is improbable."

FOET IN DEFENSE OF AMERICAN SLANG; PRAISES VITALITY

LONDON, May 16.—Richard Le Gallienne, now in London, defends America from the strictures of the Countess Krasicka. The poet especially praises American slang.

"The crudity so often spoken of is the crudity of vitality," he says. "They have an imaginative vitality. I love American slang for its raw material of poetry. It makes me laugh when persons wonder how I can live a literary and artistic life. In America they forget that art and literature come out of life and not out of universities and academies."

HUNDRED SHOTS FIRED IN RIOT IN SILK MILL STRIKE
PATERSON, N. J., May 16.—In the worst riot yet marking the Paterson silk mill strike, one hundred shots were fired today, several being injured. Scores were arrested. Three distinct clashes followed a collision of men and women strikers and the police, the latter using their guns and the strikers using rocks and clubs.

ORANGE COUNTY APPRECIATED PROPERLY

Mood of the Correct and Real Understanding

MINNESOTA IS FINE, BUT CALIFORNIA BEST

Visitor Comments Upon the Splendid Opportunities Right Here

"It is noticeable that the San Francisco newspapers are paying considerable attention to Orange county," said Secretary Metzgar of the Chamber of Commerce today. "I have had my attention called to several articles in the publications of the metropolis that indicate that Orange county is being recognized because of the exceptional agricultural and horticultural advantages here."

"It is an impressive fact that as Orange county's natural advantages become known there is at first a sort of hesitancy on the part of the outside public to accept the truth; but investigation results in the demonstration of the truth and this county with its wonderful opportunities is appreciated. Our own people do not seem to realize the splendid advantages that we have here. There is no county in the state that surpasses Orange county in the many beauties and material essentials of life that we have here. This is some county. In productivity it has no superior anywhere, and it is doubtful if it has many equals."

"Let me chip in right here," interrupted J. T. Minkin, a millionaire milling man of Minneapolis. "I have only been here three days, but I have been busy with my auto getting over the county. You folks here don't really know what a superb place you have. It seems to me that you don't really know your soil here. Take your climate alone—why, its worth millions. Ever live in Minnesota? Well, we have some state back there but I must confess that we also have some climate. Cold in the winter? Rather. This rather dryly."

"Between how hot it is in the summer and how cold it is in the winter, I don't know whether making money at home is worth while. I am too old to move out here now, but if that boy of mine and his wife don't locate here I will be surprised and disappointed. And I would, selfishly enough, wish they wouldn't. Still, if it was my young days again I would come here and here would I stay."

"It's amusing," remarked Secretary Metzgar, "but every day some similar incident occurs. The folks who come here appreciate our climate and surpassing advantages better than we do ourselves. We get accustomed to it. But take a man from some outside section and he extols our conditions better than we do ourselves."

Among those registered at the Chamber of Commerce today were H. H. Hamlin, Brooklyn, N. Y.; Mrs. T. K. Stellar, St. Paul; Miss Mary Mankin, Seattle; T. R. Ryan, Montpelier, Vt.; H. K. Lincoln, Philadelphia; J. J. Helm, Waterloo, Ia.; T. J. Stewart, Mason City, Ia.; S. P. Clarke, Newark, N. J.; J. C. Wray, Syracuse, N. Y.

GEO. H. BIXBY ONCE MORE DEFIES COURT

Fails to Appear to Answer to Charge of Contempt of Court

LOS ANGELES, May 16.—George H. Bixby, the Long Beach millionaire charged with contributing to the delinquency of two girls, due to appear to answer to the charges of contempt of court as a result of his failure to appear to testify at the preliminary hearing of Mrs. Josie Rosenberg, charged with pandering, again failed to answer when his name was called this morning. The case was continued until this afternoon when it was expected that Oscar Lawler, his attorney, would appear in his behalf. The grand jury failed to touch on the vice probe today, devoting itself to other business.

U. S. C. COMMENCEMENT
LOS ANGELES, May 16.—Rev. Dr. Robert J. Burdette will deliver the thirtieth annual commencement address to the graduating class of the University of Southern California at the Temple Auditorium at 10 o'clock Thursday, June 12, and President George F. Boyd of the University will confer the degrees.

PACKING-HOUSE AT PLACENTIA TOTALLY DESTROYED BY FIRE

Loss is Close to \$20,000, With \$4,000 Insurance—Thought to Have Been Caused by a Tramp

The packing-house of the Placentia Orange Growers' association, at Placentia, was totally destroyed by fire last night, involving a loss of between \$18,000 and \$20,000. The packing-house was one of the largest in that section, and its destruction at this time will prove a serious matter with growers, although it is understood that arrangements will be made to carry on the work of the association at once.

The fire was discovered about 10 o'clock last night, and it is believed that it was started by a tramp who was sleeping under the shed at the end of the building. The flames spread rapidly, and as no fire apparatus was available nothing could be done to check their progress.

All the books of the association were saved, but all the machinery and contents were lost. Oranges have been going out steadily from the packing-house, which serves a large acreage.

There was but \$4,000 insurance on the building and contents. The house was under the management of Abe Pritchard.

Last night Dr. J. Whitcomb Brougher preached a sermon that presented the sympathetic side of his nature more fully than the sermons he has heretofore delivered. Dr. Brougher is a master in the use of sarcasm and his stinging rebukes have seldom been equaled by any preacher who ever faced a Santa Ana congregation. Last night's sermon, however, was a tender appeal for back-sliders and all who have stepped aside from the path of Christian service to come back, be forgiven and get into step with Jesus Christ again for a happy, useful life.

Dr. Brougher dealt with the fall and restoration of Peter. He took for his text the two words "And Peter." Among other things, he said: "No character in the Bible fills us with greater awe and surprise than Peter. Peter is a bundle of contradictions. Many of you may say that Peter was a very peculiar character, one time acknowledging the Christ and the next time denying Him, still, we all love Peter because he is so much like ourselves. I find so much in him that helps me. Peter understood the ups and downs and ins and outs of life. He was impulsive, self-confident, rash and thoughtless at times. It was these characteristics that led to his downfall. Self confidence was his ruin. If men would depend wholly on God He would keep them true. There never was a man or woman who ever had will power enough to live the Christian life by himself. The Devil will always overtake you if you don't have God with you to help you."

REPLY ORDERED PRESBYTERIANS TO PROTEST OF JAPAN

Cabinet Decides on Action In Anti-Alien Land Bill Matter Today

WASHINGTON, May 16.—Instructions to draft immediately a reply to Japan's protest to the California anti-alien land bill was given to Secretary of State Bryan at a cabinet meeting today lasting two and one-half hours. This was the longest cabinet meeting yet held and it is believed the reply was outlined at the meeting and that it will be ready by Tuesday's meeting. All of the cabinet members refused to discuss the probable contents of the reply.

President Wilson and his cabinet today discussed whether to reply immediately to Japan's protest to the California anti-alien land law or to await Gov. Johnson's signing of the California bill. Secretary Bryan and the President will confer again later today, after which Bryan will receive Japanese Ambassador Chinda.

NO TROOPS TO BE SENT TO HAWAII, SAYS GEN. WOOD
WASHINGTON, May 16.—Reports current at San Francisco that two regiments at the Presidio and one at Monterey are under orders to sail for Hawaii within a week were absolutely denied today by Chief of Staff General Wood.

"You can deny it without any mental reservation," General Wood told a United Press representative.

CHINA NOT READY FOR GOVERNMENT BY COMMON PEOPLE
CHICAGO, May 16.—William J. Calhoun, retiring minister to China, returned to his home in this city today. Mr. Calhoun said that thus far the federal government of the new republic has been largely a figurehead without real power.

The real problem and one which will take many years is the adapting of the people themselves to the new system of government.

FIGHT BEGUN FOR DIRECT PRIMARY

Gov. Sulzer Will Attempt to Place New York In Line For People's Plan

DECLARES STATE TO BE IN CAPITALISTIC GRIP

Foresees Victory For Reform; Urges Democrats to Back Him In Struggle

ALBANY, May 16.—Declaring the power of wealth and special interests are greater in New York than in any other state, Gov. Sulzer in a statement prepared for the United Press, today commenced a fight for direct primaries there.

BY GOV. WM. SULZER

(Written for the United Press.)

It is gratifying to know the movement for state-wide primaries in New York has aroused public interest throughout the nation, because this is the fundamental reform demanded by the wave of Democratic sentiment now sweeping the country. Unless the people are permitted to name the candidates they can not elect the servants they desire. The disgraceful secret alliances between the big business interests and crooked politics must cease, the people can not rule until they obtain successful methods for the operating and nominating machinery of the political parties. New York is one of the last states to capitulate to the demand of the popular rule. The powers of special privilege entrenched here are making a last stand, but it is sure they will be overthrown. There are two kinds of primaries, direct and indirect. The former constitutes the people's progressive system. The principle admits of no debate and no compromise. I am in the fight to stay. I urge every Democrat to help me in the struggle. I am bound to win in the end. The leading newspapers, seven-tenths of the voters and an overwhelming popular sentiment demand direct primary legislation.

BIG LAND CLAIM TO BE DECIDED BY FRANKLIN K. LANE

SACRAMENTO, May 16.—Surveyor General W. S. Kingsbury and Attorney General Webb will leave next week for Washington to appear before Secretary of Interior Franklin K. Lane, May 27, to combat the alleged claim of Fred W. Lake, a land agent, against 200,000 acres of lieu land base in California. Lake's claims were turned down by Secretary Fisher in the closing hours of the Taft administration and also by the superior court of San Francisco. The state has warned other land claimants against paying Lake \$2.50 per acre to remove his cloud. If his claim is upheld he stands to make \$500,000 by holding his cloud on the title of land against others.

CITY OF PASADENA SHOWS \$200,000 IN AUTOS

PASADENA, May 16.—With automobiles and electric cars valued at more than \$200,000 on exhibition, the Pasadena automobile show to be given in the big amphitheater at the Hotel Maryland under the auspices of the Pasadena Automobile Association promises to be the most elaborate and unique affair of its kind ever held on the Pacific coast.

When the show opened this afternoon every make of automobile handled in the Crown City was on exhibition.

TONGS UNITE IN FORMING SOCIETY TO ACHIEVE PEACE

SAN FRANCISCO, May 16.—Twenty-seven tongs and family clubs organized a peace society of Chinatown today. The famous Chinese Six Companies is behind the organization, the object of which is the future peace of Chinese in all the Pacific Coast cities. Prominent Chinese tongmen were elected as officers.

The organization will hereafter arbitrate all differences of tongmen, and if the appellant refuses to abide by the decision, taking action in his own hands he will be reported to the police.

Mills & Winbiger Given Judgment Against Gilberts for Cost of Fusen's Casket

Justice Cox yesterday afternoon gave judgment in favor of Mills & Winbiger against F. M. Gilbert for \$80 and costs. The plaintiffs sued Gilbert and his son, W. W. Gilbert, for the funeral expenses of the late George W. Fusen, for which the evidence showed, they had assumed responsibility. W. W. Gilbert allowed judgment to go against him by default. Fusen, who was a county charge at the time of his death, had decided to young Gilbert a house and lot on condition that he look after Fusen until his death and see that he had decent burial. F. M. Gilbert was made a party by reason of the fact that he went to the undertaking establishment and apparently assumed responsibility with his son in the matter.

Cruelty Alleged
John Bryan and Henry Myers, two young men, were arraigned before Justice Cox this morning on a charge of cruelty to animals. The complaint having been sworn to by G. A. Whidden. It is alleged that they had been

cruelly beating a horse at a ranch on East Seventeenth street, and some of the neighbors complained to the Humane Society. The boys say they were merely breaking a vicious broncho, and that a buggy whip is not too strong a weapon to use on a "man-killer." The case was set for trial May 20 and the boys were released on their own recognizance.

Wants Jury Trial
E. R. Halesworth, keeper of Birch Park, arrested a few days ago on the charge of cruelty to animals in kicking a dog out of the park, has demanded a jury trial. Halesworth says he will conduct the case himself, and purposes to make it decidedly warm for several people.

AT THE COURTHOUSE

CRAZED MEXICAN
TERRORIZED TALBERT

A telephone message to the sheriff's office this morning from Talbert said that a crazy Mexican was running amuck there and terrorizing the vicinity. Deputy Dean was sent down and took in charge Jose Atina, who seemed to be the victim of a bad case of "bugs." He was running up and down the road, and shouting that he intended to kill himself, and the residents seemed fearful that his homicidal mania would turn toward others. When the county jail was reached, however, Atina had quieted down and was almost helpless from fright.

Terry Gets Three Years
Frank W. Terry pleaded guilty in the superior court yesterday afternoon to a charge of misconduct with a twelve-year-old boy, and was sentenced to three years in San Quentin. Terry lives at Balboa.

Name Is Changed
In the superior court this morning the petition of the Horton-Eaton Company to change its name to the Horton-Hemstock Company was granted.

New Deputy
Sheriff Rudolck this morning filed notice of the appointment of E. L. Zimmerman as a deputy sheriff.

Fullerton's New Water System Meets All Requirements; Cabbage Moving Out

FULLERTON, May 16.—Under a test of 250 pounds pressure, maintained for over an hour, the water mains of Fullerton's new municipal system make a satisfactory showing. Only one small leak was discovered, and this was quickly fixed. Connection was made with the old system, recently purchased from the Domestic Water Company, and with the fire pump, to demonstrate what measure of protection can be furnished in case of fire. Under a pressure of ninety pounds a stream of water was thrown upward from a fire hose for a distance of 100 feet. The ninety pounds pressure is about the same as the normal pressure from the city reservoir will be. There have been installed at points where fire protection is most needed, forty-one two-way and forty-one-way hydrants. In the distributing system just completed, 62,000 feet of pipe has been laid, or about twelve miles.

The foundation for the pump house is about half finished. The pumping machinery will be here the first of June, and its installation will require thirty days after its arrival.

Four carloads of cabbage were shipped from the California Vegetable Union's packinghouse at Fullerton Tuesday for eastern points. Manager Osburn reports a total of twenty-two cars shipped by his company from points in this district during the past two weeks. The price paid to growers this week is \$25 per ton.

A visit to the old home in Canada is to be enjoyed by a party of former residents of that clime, who will leave Fullerton Saturday for the long journey. The party includes Mrs. J. Slingsby and daughter, Miss Lizzie; Mrs. William Pinkham and Hartley Daniel. They expect to be absent about three months.

The contract for the erection of the new \$30,000 Fullerton Hospital has been let to Kling & Co., Los Angeles contractors. The building will be one of the most modern and up to date hospitals in Southern California, and will be absolutely fireproof, being erected of cement. The present hospital will be moved to the back of the lot, where it will be used as a home for nurses. The new building will accommodate twenty-five patients, and is to be completed in four months.

LANE WANTS U. S.
R. R. IN ALASKA

Secretary of Interior Believes Government System Best For Developing Country

WASHINGTON, May 16.—Secretary Lane of the Interior Department paced himself on record yesterday as favoring a railway system in Alaska, constructed, owned and operated by the government.

"Governmental ownership of railways in Alaska," he said, "seems to me to be the one policy that most certainly will make for lasting welfare."

The Secretary expressed his views in a letter responding to inquiries from Senator Pittman, chairman of the committee on territories, which now has under consideration bills providing for the construction by the national government of a railway system in Alaska.

"There is but one way to make any country a real part of the world," Secretary Lane wrote, "—by the construction of railroads into it. This has been the heart of England's policy in Africa, of Russia's policy in western Asia, and is the prompting hope of the new movement in China."

"I am convinced that we should think of Alaska as a land not only of mines and fisheries, but of towns, farms and mills, and factories, supporting millions of people of the hardiest and most wholesome of the race. If this conception of a possible Alaska is a true one, our legislation should be such as most surely to bring about this possibility."

AMUSEMENTS

The Maypole Moving Pictures at the Bell Theater

The moving pictures that Manager Doc Roberts had taken of the Maypole festival in Santa Ana and in which so many of the little ones took part, were viewed by the public for the first time last night at the Bell Theater and every one showed their hearty endorsement of them. The pictures are a grand success; also those taken later of the so-called auto thieves, who were captured near Santa Ana by the officers after an exciting chase. All of these pictures will be shown as an extra special reel for the rest of the week. Tonight the Pathe Weekly is a big number, while Mr. and Mrs. John T. Chick in their comedy sketch, "Reforming a Suffragette," is the best laugh producer seen here this season. The Chicks will be here all week. Saturday special matinee at 2:30 with the Maypole pictures, so that the children can see themselves, and all new pictures with "The Wise Old Elephant."

Ranchers of Garden Grove Section Turn From Black-Eye Beans to Limas

Garden Grove News: The Garden Grove section will plant a greater acreage of lima beans this year than ever before. Last year a large crop of the black-eye beans was raised. It is said that there are enough now on the market to supply all the demand for this year, so that it will not be wise to plant this variety. The limas are always staple.

Among those who will raise these beans quite extensively are some of our best ranchers. The Cleveland ranch will put in about 100 acres; J. A. Knapp will have something like 20 acres; on the Andus place about 40 acres will go in; W. and A. Schnitzer will handle close to 30 acres; the Allen brothers are planting something like 25 acres; while Bert Hayse has about forty acres.

The chili pepper is coming on in all its glory. Every indication is for a good harvest. Approximately four hundred acres are devoted to this crop this year. The peppers are just coming up.

LOCALS ARE DOPED TO WIN

Speedy and Close Game Ex-
pected Between Santa Ana
and Los Angeles High

[By Vern Smith]

The fact that Hollywood shut the
Los Angeles High School baseball nine
out yesterday by the score of two to
nothing makes Santa Ana's chance of
giving the latter team the small end
of the score a little better than it
appeared. Santa Ana has been coming
to the front slowly this year but it
is not too late to get in some good
games yet. Judging from last week's
practice and work-outs the team as a
whole has improved about 300 per
cent from the time it played the first
game. During the first days of prac-
tice the lack of team work and form
was very noticeable but now there is
plenty of team work and loads of pep
in evidence.

The time to play Fullerton is draw-
ing near and Santa Ana is rounding
out a team much different from the
one that played the Orange Packers a
short time ago, and believe me, if the
dope is not all wrong it will only
take two games to decide who will
keep the Hill-Carden cup this year.

All this being true the clash of two
teams that are both champions of
their counties ought to be some clash.
Los Angeles High is leading the Los
Angeles city league and last year with
about the same men on the team it
won the championship of Los Angeles
county. In spite of these facts Santa
Ana is confident of winning, and they
are doped to win, but by no means.

It will be a hard game all the way
through. The weakest place in the
Los Angeles team is the pitcher and
after the Santa Ana nine has found
him both in the in and out fields will
be kept busy. Up to the present the
Santa Ana nine are five to four fa-
vorites. The line-ups are as follows:

PRIZE CONTEST

The Santa Ana Realty Board of-
fers a prize of \$5 for the best design
of an emblem for their signs. The
drawing should be in such form as to
come within a circle of about four
inches in diameter and should be typi-
cal of Santa Ana and Orange county.
Several very satisfactory designs
have been submitted, but the Realty
Board desires a larger number to se-
lect from, and therefore extends the
time until May 27. All contestants
will receive due credit for their
work. All designs should be left at
the office of Schooley & Schenck, 504
North Main street.

SPEEDING UP THE BASE RUNNER—

That's what the Cork Center ball is
doing.

Do you realize how fast you travel
in a fifth of a second?

A good runner gets to first in about
four seconds. He covers over four
feet in one-fifth of a second.

The Cork Center ball is 10 to 15 per
cent livelier than the old style rub-
ber core ball, big leaguers say.

Dope it out for yourself.

You will find that, using the Cork
Center ball, you will get "on" oftener
than when using the old style rubber
core ball.

Is your team in doubt about what kind
of a uniform to select? Then write to
Spalding's and get a book of samples
that show the exact goods.

If you don't need uniforms, then Spald-
ing's catalogue shows pictures and
prices of bats, masks, gloves, mitts and
everything used in the game.

ITS FEATURES WERE UNIQUE

Anaheim Pythian Sisters Gave
Successful Affair; Mother
Colony Notes

ANAHEIM, May 16.—A congenial
and happy crowd gathered in Odd
Fellows hall last evening, when the
Pythian Sisters gave an entertain-
ment of pleasing variety. Both rooms
in the large hall were in use. In one
a merry crowd of young people danced
the hours away, while in the other
the older ones enjoyed cards, military
whist being played at 21 tables. Beau-
tiful prizes were awarded as follows:
First and second ladies' to Mrs. Hent-
on of Orange and Mrs. Charles Pend-
ton, respectively. Consolation to Mrs.
Ed. Launders. First and second
gentlemen's to Mr. Robinson and Mr.
Cook, while Mr. Hopkins received the
consolation.

Perhaps the most pleasant feature
of the whole evening came, at a late
hour, when amid much fun and merril-
ment, boxes of good things to eat
were auctioned off to the highest bid-
ders, the gentlemen purchasing them,
and having as their partners for sup-
per the lady whose box of lunch each
bought. After the boxes were dis-
posed of, all retired to the large ban-
quet room, where long tables were
spread, and hot coffee and tea were
served by the hostess. The evening
was one of unalloyed enjoyment, and
was a complete success from a mon-
etary standpoint also. The ladies are
to be congratulated upon the success
of their venture.

A delightful school affair took place
yesterday in the domestic science
building of the High School, when the
Sophomore class entertained the Sen-
iors at an eleven-course dinner. The
table was charming with Cecil Bruner
roses, a large bowl of them forming
the centerpiece, while dainty buds
were scattered over the cloth. The
place cards were ornamented with
hand-painted rose buds. The dinner
was cooked and served by the Sopho-
more domestic science class.

The Anaheim Moral and Protective
League held an interesting meeting
in the Presbyterian Church last even-
ing. The church was filled with in-
terested people, and many instructive
talks were made during the evening
by prominent citizens and by the pas-
tors of the various churches of the
city.

The members of the Elite Card
Club were pleasantly entertained by
Mrs. John Brunworth yesterday after-
noon at her home. Red roses and
fern were used to carry out the ef-
fective red and green color scheme
in all the rooms. Whist was enjoyed
at three tables. Mrs. Pomeroy and
Mrs. Schneider received first and sec-
ond prizes, respectively, while Mrs.
Louis Kroeger was given the consol-
ation.

Miss Lucy Wilke entertained a
large party at the home of her par-
ents on North Los Angeles street last
evening in honor of her brother, Mr.
Joseph Wilke, whose coming marriage
to Miss Lena Fisher was announced
during the evening and will take
place in early June. The house decora-
tions were suggestive of the ap-
proaching event, hearts and wedding
bells being used, while a profusion of
cut flowers filled the house with their
charming fragrance. Whist was played
at eight tables and a delightful
evening was enjoyed by those present.

Mr. and Mrs. John Howe will leave
for St. Paul, Minn., next Saturday for
a stay of two or three months.

Joseph Hessel and wife and Mrs.
Hessel's two sisters will leave here
for Chicago on May 20 for a visit
among friends and relatives.

Mrs. Richmiller, who has been ill
for the past year of paralysis, left
Monday for Davenport, Iowa. She
will be accompanied by her sister, who
came to Anaheim two weeks ago for
the purpose of taking Mrs. Richmiller
back east, where many of her relatives
are living. Her many friends here
wish her a complete and speedy re-
covery. Mr. Richmiller has been con-
nected in business with Mr. Neff of
Anaheim for a number of years.

Mr. and Mrs. E. R. Davis and chil-
dren and A. R. Archibald and family
have gone to Brantford, Ontario, for a
visit.

Claude Swope and Mr. Dykman left
yesterday for Stockton to attend a
convention being held in that place.

John Reich of Pittsburg, Pa., left
for his home yesterday, after a visit
with friends in Anaheim.

Dr. and Mrs. Crowley of Chicago,
who have been visiting Mr. and Mrs.
C. F. Grimm of East Center street,
left for their home yesterday. They
were very enthusiastic in praise of
Southern California.

Mr. C. P. Grimm and J. D. Lavin left
today to attend a convention held in
Sacramento.

EIGHTY GUESTS IN ATTENDANCE

Modern Priscillas of Villa Park
Celebrated Their First
Anniversary

ORANGE, May 15.—The Modern
Priscillas of Villa Park celebrated
their first anniversary as an organiza-
tion last evening at the Villa Park
hall. A reception was given with
eighty guests in attendance.

The club hall was tastefully de-
corated, with pepper boughs, while the
beautiful embroidery and lace work
of the club for the past year was dis-
played on the walls.

A delightful musical program was
presented. Mrs. Palmer, Mrs. Collins
and the Misses Hughes taking part,
while Mrs. James Williamson Paul of
Los Angeles, appeared in two read-
ing numbers, to the appreciation of
all who heard her.

Delicious fruit punch, also ice
cream and cake were served.

A novel feature was the snowy
club birthday cake, with its single
candle. It was cut by the president,
Mrs. Ethel Robb, at the conclusion,
and was sampled by each person
present. The "baby show" part of
the program was very interesting but
it could not be decided who was en-
titled to the most credit as the proudest
grandmother.

Such credit is due the members of
the club for the delightful occasion
and for entertaining so cordially the
new as well as the old members of
the community.

Mrs. C. E. Parker and little son,
Ward, of St. Paul, Minn., who have
been visiting at the Ray Billingsley
home in Villa Park for some weeks,
returned to Los Angeles on Friday.

Mrs. Parker, a niece of Mrs. Bil-
lingsley, has just returned from a
three years' residence in Mukden,
China, where Mr. Parker has been
employed by the Chinese govern-
ment as an expert in American horti-
cultural methods, founding experi-
mental stations and agricultural schools
among the natives. Mrs. Parker
brings a fund of information and
many kodak views of their stay in
Manchuria and their trip around the
world. Mr. Parker may decide to set-
tle in Berkeley, where his uncle is a
professor in the university.

Mrs. H. H. Campbell left this morn-
ing for Los Angeles, where she joined
her parents from Covina and went
to Long Beach to spend the day. She
will visit in Covina until Saturday
when Mr. Campbell will join her and
they will visit over Sunday at his
home in Inglewood.

The Orange Young People's socie-
ties will hold a rally with the Fish-
man boys of Los Angeles this even-
ing at the Presbyterian church.
Among the Fishermen who will at-
tend are Hugh Wallace, Harry Hill,
Harry Hardy, George Hampton and
Mr. Martin. The rally is in the na-
ture of a farewell as some of them ex-
pect to soon leave for Africa as mis-
sionaries.

The Orange Electrical Shop is mov-
ing into its new location in the
Heinig building on East Chapman
avenue. Manager J. B. Whisler is
planning to enlarge his business in
many ways and increase his stock of
supplies to a great extent.

Mr. and Mrs. Marling, who have
been spending the last month with
the J. G. Heinig family on South Cen-
ter street, left this morning for their
home in Milwaukee, Wis.

Miss Sylvia Spotts won the prize
ring at the Electric Theater last even-
ing. Miss Anna Peters was second.
Mrs. Alfred Higgins is spending
the day with relatives in Highland
Park.

Mrs. A. P. Morey returned last
evening from East Newport, where
she has been visiting since Sunday.

Messrs. E. A. Honey, J. F. Lee and
W. W. Perry went to Los Angeles
this morning to attend the I.O.O.F.
grand lodge, which is in session
there.

The death of Estella M. Andrews,
wife of H. E. Andrews, and a former
resident of Orange, occurred Wednes-
day, May 14, in South Pasadena. The
funeral will be held in that city, Fri-
day, May 16, at 10:30 a.m., and
burial will be made in the Santa Ana
cemetery, Friday at 2:30 p.m. Mr.
Andrews is a nephew of Mrs. Ida
Fuller of Orange, and a cousin of
Ralph Fuller.

Mr. and Mrs. Henry Rudolph have
returned from Newport, where they
have been spending a week. The
trip was made in hope of benefiting
Mr. Rudolph's health, but as he did
not improve they returned.

Mrs. C. E. Coppock and daughter
Esther returned today from Modesto,
where they have been spending the
last ten days.

L. R. Beymer, city carrier on route
No. 2, is spending a few days at
Catalina. His place is being filled
by Fred Bungardner.

Roy Campbell, a graduate of the
O.U.H.S., graduated at the State Uni-
versity yesterday.

Quite a number of the members of
Ruby Rebekah Lodge attended the
initiation ceremony in Los Angeles
last evening, where the Torosa lodge
of Santa Ana put on the work in a
very creditable manner. Among
those attending were: Mr. and Mrs.
D. P. Crawford, Mr. and Mrs. Morin,
Mr. and Mrs. A. H. Swall, Mr. and
Mrs. R. F. Dreyer, Mesdames
Waecher, Lucy, L. E. Jones, C. J.
Porter, Ward, Krossen, H. A. Brown,
Getchell, G. W. Christenson, Varcoe,
J. D. Heitschusen, Misses Crawford
and Heitschusen and Mr. F. W. Honey.
Most of the visitors remained over
for today.

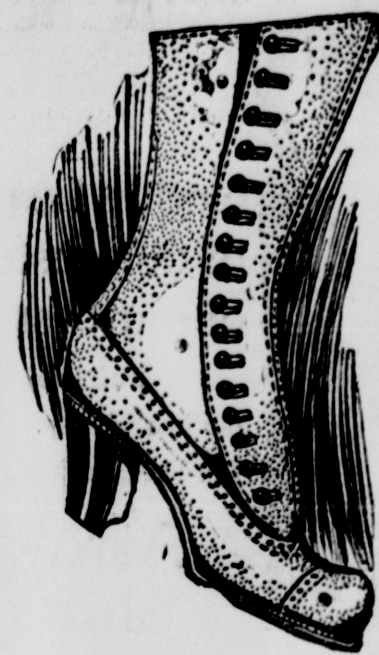

Mr. and Mrs. W. O. Hart and Mr.
and Mrs. J. H. Cramer leave this
evening for a week's trip to Yosemite
Valley with the Southern California
Editorial Association.

Miss Arvilla Barnett returned this
morning to Glendale, after a visit
with her parents, Mr. and Mrs. L. N.
Barnett, of this city.

Mrs. Walter C. Bixley entertained
yesterday at her home on North Olive
street. Her guests were the members

THE RECORD

The California legislature just adjourned made a record which will probably be the subject of longer and more earnest discussion than that of any legislature which ever sat in California. The legislature immediately preceding this earned and received the reputation of having accomplished a more important and comprehensive program of constructive legislation than had ever been done in a single session of any American legislature. The curious paradox is that this legislature with a record nearly as important and quite as good, has been industriously given a reputation of exactly the contrary sort. It has been described as a "freak" legislature, devoted chiefly to the "freak" regulation of other people's conduct and this description has been so widely circulated, in print and by word of mouth, that thousands of persons have come really to believe it. It seems that among various bills submitted by the humane societies was one which incidentally regulated the size of canary-bird cages, and among the bills providing for a full weights and measures was one in regard to the size of eggs. Neither bill passed, nor received serious consideration, though doubtless both, in their way, as minor measures, would have been good regulations. There ought, in fact, to be some state commission authorized to make just such regulations, without subjecting the legislature to the risk of seeming to be killing flies with a thirteen-inch gun. However, though these bills, and others like them, were not passed, nor even discussed, inside the legislature, the hostile press managed to get up a furious clamor debate over them outside, in an effort, evidently more or less successful, to create the impression that this was the sort of thing the legislature was considering. More seriously, the legislature was accused of being a "freak" because various bills were introduced interfering with the two most sacred rights of man—drunkenness and fornication. Most of these did not pass, either (more's the pity!) but even the bare introduction of them was sufficient to stigmatize the legislature as "freak" in every barroom in the state. Other bills, some of which fortunately passed undertook to curb the almost equally sacred right of the "wise guy" to swindle the "rube." These of course aroused the derision of every resort of "wise guys" from the Stock Exchange and the Pacific Union club down to the cigar-store pool-room. And between them all, these various conservators of Things As They Are have to a considerable extent succeeded in their conspiracy to give one of the best and most important legislative sessions ever held the quite undeserved reputation of a "legislature of a thousand freaks." It will take some time and much discussion for the truth to overtake these malicious fictions.

But let us turn, for the moment, from fiction to fact, and consider what the legislature actually did. Individual members "by request" and other wise, introduced some 4000 bills, good and bad and indifferent. The legislature collectively defeated or simply shelved at least three-fourths of those bills. Of the remaining fourth, much the largest part numerically was of course the usual run of minor routine legislation. It takes a good many hundred bills, biennially, just to keep the state going—local government acts, the appropriations for all the state's institutions and activities, and all manner of routine matters which require formal action by the legislature. Eliminating these, the number of really general laws finally passed is actually very small.

The principal measures of the session were the ten administration measures known facetiously as the "ten commandments." These are:

(1) Workmen's compensation; (2) mother's pensions; (3) rural credits commission; (4) weights and measures; (5) minimum wage for women; (6) immigration and housing commission; (7) "blue sky" law; (8) non-partisan county elections and recognition of new parties in state primary; (9) civil service reform; and (10) water commission.

These ten fall naturally into the three classes of social and industrial, business and political reform, and the other important measures passed fall into these three classes and the additional ones of moral, health and penal reform. Subject to correction by the action or failure to act of the legislature, and by the act of the governor in signing or failing to sign them, the more important acts of the legislature may be tentatively classified as follows:

SOCIAL AND INDUSTRIAL
Workmen's compensation;
Mothers' pension;
Rural credits commission;
Minimum wage for women;
Immigration and housing commission;

BUSINESS
Weights and measures;
Blue sky law;
Water commission;

clothes because they represent, better than any other goods we know, the best interests of our customers. When we advise you to buy these clothes we're giving you the benefit of our best judgment; we know the subject pretty well.

You take advice from a lawyer on law matters; you do what your doctor says in health matters; better take our advice about the clothes to buy. We don't say Hart Schaffner & Marx clothes merely because we sell them; we buy these goods to sell because they're the best clothes made. That's the reason why you ought to buy them.

had and indifferent. The legislature collectively defeated or simply shelved at least three-fourths of those bills. Of the remaining fourth, much the largest part numerically was of course the usual run of minor routine legislation. It takes a good many hundred bills, biennially, just to keep the state going—local government acts, the appropriations for all the state's institutions and activities, and all manner of routine matters which require formal action by the legislature. Eliminating these, the number of really general laws finally passed is actually very small.

The principal measures of the session were the ten administration measures known facetiously as the "ten commandments." These are:

(1) Workmen's compensation; (2) mother's pensions; (3) rural credits commission; (4) weights and measures; (5) minimum wage for women; (6) immigration and housing commission; (7) "blue sky" law; (8) non-partisan county elections and recognition of new parties in state primary; (9) civil service reform; and (10) water commission.

These ten fall naturally into the three classes of social and industrial, business and political reform, and the other important measures passed fall into these three classes and the additional ones of moral, health and penal reform. Subject to correction by the action or failure to act of the legislature, and by the act of the governor in signing or failing to sign them, the more important acts of the legislature may be tentatively classified as follows:

SOCIAL AND INDUSTRIAL
Workmen's compensation;
Mothers' pension;
Rural credits commission;
Minimum wage for women;
Immigration and housing commission;

BUSINESS
Weights and measures;
Blue sky law;
Water commission;

Limiting Bag and Sale of Game.

The Fresno Republican, commenting on the record says:

"Some of these bills may be, and doubtless ought to be, pocketed by the governor. But taking them in the large, they challenge attack on the charge of 'freak' or any other, and they demand admiration, as a constructive program of astonishing merit.

"As the result of the action of this legislature, California workmen will be protected from bearing the whole burden of the accidents of industry; many widows will be able to keep their children at home; steps will be taken to enable the man whose capital is his hands to acquire land, and to settle the immigrant on the land instead of in the slums; women will no longer work for starvation wages; the poor will be better housed, and the beginning will be made toward the protection of old age. Swindling of many common sorts will be stopped; water, oil and commercial monopolies will be curbed; bank regulation will be less rigid and annoying but more effective; and the state roads will be maintained. The spoils system will be abolished in state appointments; county officials will be taken out of party politics; the new tax system will be made adequate to the support of the state; the people will have the mechanism to elect United States senators; and the legislature will in future have expert aid to prevent the confusions of the present and past legislative sessions. The ruin and sale of girlhood will no longer be a protected industry, and saloons must close at least four hours out of the twenty-four. Prisoners' sentences will depend on their behavior; their families will not starve and they will not be turned out penniless; and if they return to a life of crime they will be more quickly and certainly caught. The public health will be better (but not yet well enough) safeguarded. Reclamation, irrigation, power-development and colonization work will be promoted, and the public benefits of them safeguarded. The wild game will be protected. And Oriental aliens will not own land.

"Were these things worth while? Will the state be better or worse for them? Are they 'freaks,' or real constructive reforms? And did this legislature, after all, spend its time regulating the size of eggs and bird cages and interfering with the innocent amusements of the people, or did it do a great historic work for the state and nation?"

The people of California are going to be challenged to hear and answer these questions. They are going to answer them, sooner or later, on the facts and not on canards. And when the facts are known the record of the California legislature of 1913 will stand with that of the legislature of 1911, as the two most useful sessions ever held by any American legislature."

Best Medicine for Colds
When a druggist recommends a remedy for colds, throat and lung troubles, you can feel sure that he knows what he is talking about. C. Lower, Druggist, of Marion, Ohio, writes of Dr. King's New Discovery: "I know Dr. King's New Discovery is the best throat and lung medicine I sell. It cured my wife of a severe bronchial cold after all other remedies failed." It will do the same for you if you are suffering with a cold or any bronchial, throat or lung cough. Keep a bottle on hand all the time for everyone in the family to use. It is a home doctor. Price 50c and \$1.00. Guaranteed by all druggists.—Advertisement.

FESTIVALS FOR ALL THE YEAR ROUND PLANNED

SAN FRANCISCO, May 16.—A plan to co-ordinate all annual festivals in California, affecting nearly every important city and section of the state, and bearing a relation to annual festivals held in Oregon and Washington, was outlined yesterday at a conference of the executive committee of the California Celebrations Committee.

A tentative program that covers the whole year has been formulated. Beginning with September it includes California celebrations for each month through to May and June, July and August to be filled with pageants provided by the people of Oregon and Washington, including Portland's Rose Festival in June and the Seattle festival in August.

FIRST DANCE BY WILSONS
WASHINGTON, May 15.—The first dance since the Wilsons entered the White House took place last evening, when Mrs. Wilson entertained for her daughters.

The east room was used for dancing, and all the other state suites and the longer corridor for the promenade.

Mrs. Wilson barred the "turkey trot" and other very modern dances.

The Young Idea
Sadie was eleven and Alice seven. At lunch Alice said: "I wonder what part of an animal a chop is. Is it a leg?"
"Of course not," answered Sadie. "It's the jawbone. Haven't you ever heard of animals licking their chops?"

DINNER FOR MOTHERS

Domestic Science Girls of McKinley School Were Hostesses at Event

A delicious 5 o'clock dinner was served by the eighth grade girls of McKinley school to their mothers, at the domestic science school yesterday.

The girls planned, prepared and served the dinner themselves under the direction and guidance of their teacher, Miss Rosa Clausen.

Each girl was allowed one guest, and paid 20 cents to a finance committee that bought all the supplies after the class had decided the quantity and what was to be used. The room and tables were decorated with roses and greenery, and place cards painted by one of the members of the class marked the places. The following is the menu of the twenty cents-a-plate dinner:

Cream Corn Soup Croutons
Veal and Rice Croquettes Peas
Scalloped Potatoes Butter
Hot Rolls Cheese Sticks
Banana Salad Perfection Sherbet
The guests were Mesdames Hill, Farguer, Schugeld, Taylor, Seeley, Tyrrell, Rice, Fowler, Fillingim, Roberts, Miss Remus, eighth grade teacher, and Miss Wright, seventh grade teacher. All pronounced the dinner a success as well as a splendid lesson in economy.

Sunday School Picnic
The Congregational church and Sunday school hold their annual picnic tomorrow, Saturday, and hope that everyone of the congregation as well as the members will attend. They are going to Orange County park and arrangements have been made for a good time. Athletics and sports will be indulged in. The conveyances will leave the church on the corner of Main and Seventh streets, from 7:30 to 8:00. A very enjoyable day is assured.

Chapter Officers Chosen
Emma Edson Chapter met with Mrs. J. A. Willson yesterday afternoon in regular meeting. In the absence of Mrs. Montgomery, the president, Mrs. Overshiner, vice president, had charge of the meeting. The election of officers for the coming year resulted in the following being chosen: Mrs. Montgomery, president, re-elected; Mrs. Purdom, first vice president; Mrs. Overshiner, second vice president; Miss Percy Head, secretary; Mrs. H. W. Head, treasurer.

Plans were made for a social meeting to be held at the home of Mrs. Purdom, 1616 North Broadway, on May 28.

El Navarro Club Dance
The El Navarro Dancing Club gave another one of its popular dances last night in Moose Hall, and besides the members several guests were invited. Everyone enjoyed the good music and social time, and all were pleased that this club has decided to give these fortnightly dances.

Refreshments were served at the bar during the intermission. The next dance is to be held at Balboa on May 29.

Eastern Star Picnic
A picnic will be held at Orange County Park on May 24, under the auspices of the Eastern Star. All those who wish to attend are asked to report to the committee in charge at a meeting to be held next Monday night, May 19, at Masonic Temple. Mrs. Walter V. Whitson is chairman.

Billy Club
Mrs. Fluke Smith charmingly entertained the Billy Club yesterday afternoon at her home on Parton street.

The living room was bright with an abundance of white carnations and the dining room was made especially attractive with fragrant sweet peas of the most dainty shades. The time was spent in happy conversation while the girls busied themselves with their fancy work.

Before their departure, Mrs. Smith served very delicious refreshments. Those members present yesterday were Mesdames Clarence Tedford, Jesse Elliott, Chester Nickolls, Joe Habbitt, Ray Wilson, Fluke Smith.

W. R. C. MEETING

Memorial Tributes by Women of Corps to Those Gone Into the Beyond

Aside from the regular business of the W. R. C. yesterday at which one application was received and arrangements were completed for the observance of Memorial day and Memorial Sunday, the Corps held a very touching memorial in honor of their deceased members, of whom there were an unusual number this year. Each of the following ladies delivered a short tribute to the departed ones: Mrs. Alice A. Yount for Mrs. Elizabeth Dripps; Mrs. Ella Lash for Mrs. Lettie C. Mansur; Mrs. Laura Deck for Mrs. Nettie Paul Holcomb; Mrs. Catherine Ferguson for Mrs. Hannah; Mrs. Ella Wilson for Mrs. Louise Liddick; Mrs. Janette McGill for Mrs. Julia Dickinson; Mrs. Nellie McTaggart for Mrs. Rachel Hennacy; and Mrs. Viola Fipps for Mrs. Ella Stroup.

The national president of the W. R. C. appointed Mrs. Katherine Fischer special aid de camp. At the annual election of officers Mesdames Rolfe, Pendleton, Alderman, Powers, Harlan, Reeves and Moore were elected delegates to the W. R. C. department convention to be held at Reno in June, and Mesdames Glenn, Glover, Magill, Wedgwood, Crissman, Pippas and Huntington were elected alternates. At yesterday's meeting several resigned to make a vacancy for the election at the next meeting of those who could go.

The ladies recalled pleasant reminiscences of the tea and reception held on Wednesday last by the Corps and Post and where Department Commander Thomas was the guest of honor. On that day Gordon Granger Post and Corps of Orange were present and listened to an address by Commander Thomas, who outlined the coming department convention at Reno and the National G. A. R. reunion at Gettysburg. He was accompanied by J. R. O'Brien, assistant adjutant general and quartermaster of the department, and Gavin Stormont, who aspires to be department commander next year. Mrs. O'Brien gave a talk on patriotic lines.

Following the speeches, refreshments were served by the ladies of the Corps, accompanied by music furnished by Mrs. Moesser.

FOR OLD FRIENDS

Mrs. Cavins Entertained at Her Home With Dinner Last Evening

Mrs. Cora Cavins, her mother, Mrs. N. Z. Butcher, and her daughter, Miss Wilhelmina Cavins, were hostesses last night at a delightful 6 o'clock dinner given at their home in honor of old-time friends of Mrs. Cavins.

The guests were Mrs. George Tighe of Fillmore, Cal.; Mrs. E. L. Crissman of Redondo Beach, and Mrs. Frank Smith of Los Angeles. Pink Maman Cochet roses and ferns were used in house and table decorations, the pink color scheme being observed also in the dessert course.

Mrs. Cavins motored to Fullerton for her friends, Mrs. Smith and Mrs. Crissman being there with her mother, Mrs. Hogle, who has been seriously ill. The guests were also taken back to Fullerton by auto so there was little time after dinner for a lengthy visit but the dinner hour was prolonged with pleasant chat. Mrs. Tighe is visiting her mother, Mrs. John Johnson of North Main street.

Altar Society
The Altar Society was entertained happily yesterday by Mrs. Joseph Yoch at her spacious North Main street home. A large number were present and in the afternoon progressive 500 was played, with Mrs. Fine winning first prize. Miss Anselmino won second prize, and Mrs. Dierker the consolation.

Delicious refreshments were served in the pretty flower decorated rooms. Several new members were received at the meeting of yesterday. Mrs. Yoch was assisted in entertaining the ladies by her daughters, Mrs. T. F. Doyle of Laguna and Mrs. Redmond Barnett of Sacramento.

The next meeting will be at the home of Mrs. P. J. Owen, who will be assisted by Mrs. F. J. Wagner.

TUSTINITES AT CONVENTION

They With Others Enjoyed the Big W. C. T. U. Meeting at San Bernardino

At its last meeting the Tustin W. C. T. U. appointed two delegates to represent it at the state convention held this week in San Bernardino. Mrs. Blew and Mrs. Stearns found it impossible to go, and the two who finally went as delegates to the convention were Mrs. Emma Colgan and Miss F. Stone. This is perhaps the best opportunity which will be afforded them to tell the other members of the W. C. T. U. and the women of Tustin in general what they missed by not attending this, the thirtieth annual state convention.

After the preliminaries had been attended to on Tuesday morning the convention was called to order at 2:30 in the afternoon by the state president, Mrs. Lucy B. Blanchard, at which time an inspiring scene was presented to view in the large auditorium of the First Baptist church of San Bernardino. A sea of interested women's faces, with determination, hope, cheerfulness, enthusiasm and power written in every movement of the body of delegates from all parts of the state.

The church had been beautifully decorated with a profusion of white roses by the hostess union, of which Mrs. F. Joris is president. Banners from different unions also helped to decorate. A unique method of showing the number of new members gained for the year was that as each member had signed a card, these cards were strung on strings together by counties, the strings reaching back and forth across the church overhead many times.

The opening exercises consisted of an impressive scripture reading, prayer, a praise service and roll-call. The reports of corresponding secretary, recording secretary, treasurer and auditor were all of an encouraging and progressive nature and called forth much applause. Space will not admit of any of these statistics here, but those who are interested may find them in the book of minutes, in which they will all be printed, within the next few weeks, and it can be obtained by writing to the state president, No. 919 West Second street, Los Angeles, Cal. They are 10 cents the copy.

Especially pleasing features of Tuesday afternoon were the moving pictures, led by the county, Federation and local presidents. The latest up-to-date talking moving pictures. Each county had prepared a stunt. Some with banners told of their achievements, others in songs and little speeches, mottoes, etc. Kern county had quite an extensive tableau acted out on the stage. Orange county made a hit by singing, "Orange County" to the tune of "Over Jordan," at the end of which the Tustin delegates with their ballot box and banner made a demonstration of how Tustin won the banner by casting the most votes for prohibition. These moving pictures were said to be the finest ever shown.

Tuesday night was "Welcome Night," and addresses of welcome were given by W. M. Parker, representing the Chamber of Commerce of San Bernardino (who said he was a total abstainer); by Rev. W. J. Lee for the churches; Prof. W. F. Conrad for the schools; Mrs. Anna Garner, the women's clubs and for the San Bernardino County W. C. T. U. Mrs. Hattie Hoyt. Responses were made by Honorary State Presidents Mrs. Mary Garbutt, Mrs. G. T. Stickney, Mrs. Hester T. Griffith and others.

On Wednesday morning the business of the convention commenced in earnest in the department conferences. Reports from Temperance Temple trustees and also those of the Southern California Home, the roll of Crusaders and the report from the committee on state-wide prohibition campaign. There were earnest discussions of the latter. Mother Stout of Long Beach, 93 years old, being one of the speakers. An immediate campaign for state-wide prohibition was decided upon.

Mrs. Mary L. Gould told of the beginning of the W. C. T. U. thirty years ago when she and her husband entertained Frances Willard in their home for six weeks and helped her to organize four or five W. C. T. U. unions in the state, thus making the study of the progress of this organization a very interesting one.

The above is only a very small part of the business transacted. There was the picnic at Urbis Springs, and also the automobile rides given by the Chamber of Commerce to the delegates.

Farmers Club
The regular monthly meeting of the Farmers' Club will be held Saturday night, May 17, at the residence of C. F. Bennett, on Tustin avenue, at the foot of Depot street. The subject for consideration is: "Should a Free Market Be Established in Santa Ana?" Everybody is invited.

KANSAS DOCTORS STRIVING TO HALT PROGRESS DISEASE

TOPEKA, May 16.—The Kansas doctors evidently are figuring on legislating themselves out of business. They have served notice that they do not like a sick man anyway and want to get rid of him as soon as possible. The Kansas Medical Association at its closing session here appointed a committee on preventative medicine with instructions to begin an educational campaign on preventing diseases and to take up with the next legislature various laws intended to prevent the spread of disease and requiring people to be more careful that they will not become subject to various infectious and contagious diseases.

NOTICE OF CLOSING
—Horseshoeing, blacksmithing and wagon repair shops will close Saturday noon, May 2, and thereafter because of the heat of the season. Customers are asked to be prepared, because there will be no shops open. Per blacksmiths' agreement.

Big reductions on all bedroom furniture during our Clearance Sale. \$20.00 dressers for \$15.00; \$18.50 dressers at \$14.85; \$12.50 dressers at \$9.85. Very complete assortment of patterns in birdseye maple, mahogany, oak and crotchless walnut to select from. Horton-Spurgeon Furniture Co.

DANCE
—The regular monthly dance of the Fraternal Brotherhood will be given Friday, May 16th. The Sid Purless orchestra will furnish the music. Admission 50c a couple.

REMOVAL NOTICE
—Having moved from 111 East Fifth street to 361 West Fourth street, I will be pleased to meet old and new customers at this place.

REMOVAL NOTICE
—Dr. J. H. Pullin has moved from 418 West Fifth street to his new veterinary establishment at 412 North Birch street.

EATON MURDER PROBE RESUMED
ROCKLAND, Mass., May 16.—The inquest into the death of Rear Admiral Jos. G. Eaton, which was suspended when his widow, Mrs. Jennie M. Eaton, was arrested charged with murder, was resumed today at Abington. District Attorney Barker said yesterday that about six witnesses, some of whom had not previously appeared in the case, would testify.

The presence of Charles Eaton, a druggist of Rockland, indicates the inquiry will revolve around the poison theory. Mrs. Eaton, who was arrested on a charge of murder of her husband, is held without bail, awaiting her trial.

NEWS BUDGET

WESTMINSTER, May 16.—The delegates to the Epworth League convention at San Diego last week were Mrs. L. W. Moore, Mrs. O. J. Day, Miss Lois Smithling, Misses Flossie and Betty Murdy and Messrs. Reuben and Lloyd Edwards, making the trip in the Edwards auto. They all report a splendid time. The report of the convention was given Sunday evening in the M. E. Church.

The Presbyterian Church has been raised and a new cement foundation is being put in, the old one having rotted away.

J. A. Murdy has bought the old C. W. Baker store building and is remodeling it preparatory to moving his store into it soon.

Walter Junkin and family of Garden Grove were entertained at dinner at the home of Mrs. Eva Dickey on Sunday, after which they left for a month's auto trip to Stockton and other northern points.

Mr. and Mrs. James Upton, Mr. and Mrs. O. B. Conway and Mr. and Mrs. L. W. Conway and families spent last week at Laguna Beach.

Mr. and Mrs. C. W. Murdy and Miss Rhea Murdy spent Sunday at Long Beach at the home of W. Burns.

Mr. and Mrs. C. Refus of Compton spent last Sunday with Mr. and Mrs. Carl Hagan.

Mr. and Mrs. Orville Day were over Sunday guests at the home of C. F. Day in Orange.

Mrs. Mary Collins of Pasadena spent the week-end with Mr. and Mrs. J. T. Shaw.

Mrs. Carl Hagan left Wednesday for a week's visit with Mrs. F. Todd at Compton.

L. W. Conway and family moved on Saturday to Anaheim.

The Women's Home and Foreign Missionary Society met at the Presbyterian manse on Wednesday.

KEECH NEW CAPTAIN
OF THE TRACK TEAM

Last evening the track team of the high school was treated to a swell "feast" at the home of Le Roy Clapp, the driver of the team. Mrs. Clapp had prepared a three-course dinner of chicken with all the "fixins," finishing with the best of strawberry shortcake. The fellows present suspended for an hour all training rules and regulations and did a "plenty" to chicken "fixins" and shortcake. Several selections were rendered by Herbert Dameron on the piano.

The election for next year's captain was held and Dana Kech now holds that office. Bert West, captain of this year's team gave his farewell address and hoped for a successful track team next year. The team was also honored by speeches from Mr. Ratcliffe and Mr. Kech.

Those present were Mr. Ratcliffe (coach), Mr. West, captain of this year's team, Mr. Kech, captain-elect, C. Fahey, E. Fahey, H. Dameron, B. Smith, J. Jacobs, manager of this year's team, J. Jacques, P. Anderson, R. Atkinson, B. Osterman, H. Robinson, L. Feutz, and LeRoy Clapp, the host.

NOTICE

To Dealers in Machinery for Handling Gravel and Sand and for Crushing Rock.

The Board of Supervisors of Orange County will receive bids, accompanied by complete plans and specifications, for furnishing and installing equipment for the operation of a gravel pit, consisting of belt conveyor, bucket elevator, rotary screen and rock crusher.

Bids therefor must be on file with the Clerk of the Board of Supervisors on or before 2:00 p. m. of the 29th day of May, 1913, at which time they will be publicly opened and read.

The operating capacity of the equipment shall be 300 cubic yards of material per day of eight hours.

The plant will be located in Santiago Creek, at the crossing of the Tustin Branch of the Southern Pacific Railroad, approximately two miles east of Orange. Copies of "Instructions to Bidders" and general specifications may be obtained at the office of the Orange County Highway Commission in the Court House, Santa Ana, and in the office of the Clerk of the Board of Supervisors.

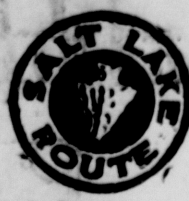

A certified check for ten per cent of the amount of the bid, made payable to the County of Orange, must accompany each bid, as a guarantee that if the bid is accepted, a contract will be entered into in conformity with the bid, the instructions to bidders, and the general specifications above referred to.

The successful bidder will be required to file two bonds, with surety satisfactory to the Board of Supervisors; one for the amount of 25 per cent of the contract price, and a second bond in the amount of 50 per cent of the said contract price to secure the payment of claims for materials or supplies used or labor employed in the execution of the work.

The Board of Supervisors reserves the right to accept or reject any bid, at its option, as may be deemed for the best interests of the county.

By order of the Board of Supervisors of Orange County, made this 14th day of May, 1913.

W. B. WILLIAMS,
County Clerk

LOS ANGELES PRODUCE MARKET

The poultry market is weak. Broilers have declined and a generally easy tendency in the other varieties is evident. The falling off is caused mainly by the fact that the hens are ceasing to lay in a number of instances, and are consequently shipped to the city for table purposes.

The first shipment of avocados was received late in the afternoon. The price asked was \$9 a dozen; it was not certain whether such a high figure could be obtained, however. Apricots were in better supply. The demand was light, and one or two dealers, who were well supplied, quoted the fruit as low as 10 cents a pound, or 75 to \$1 a box. In most instances apricots were offered around \$2 to \$3 per box, however. Figs were offered at \$3 a box, but the demand at this price amounted to little. The supply was limited. Strawberries continue to arrive about the same quantity as heretofore, and are comparatively cheap. Dewberries were received, and were quoted around 10 cents a basket. Logans were in good supply, and cheaper in some instances, fancy stock being quoted at 8 to 9 cents a pound. Cherries were about the same. There are some White Hearts on the market, and a considerable quantity of Black Tartarians.

Reported receipts were: Eggs, 525 cases; butter, 41,896 pounds; cheese, 780 pounds; potatoes, 2751 sacks; sweets, 5 sacks.

COLORADO WILL BE RADIUM SOURCE

Fields at Montrose and Other Southwestern Colorado Points Hold Wealth

DENVER, May 16.—That the radium markets of the world will ultimately depend upon Denver, Colorado, for their supply of the most precious metal in existence, was the declaration made here today by Rev. A. W. Forstall, S. J., who occupies the chair of chemistry at the Sacred Heart College, and one of the most prominent American scientists who have specialized in the study of radium. It is the belief of Rev. Forstall that the so-called radium fields at Montrose, San Miguel and other southwestern Colorado counties hold untold wealth in radium. The great question, said Father Forstall today, is to devise some method of extracting the metal and preparing it for marketing at two per cent less outlay than is now necessary. He believes he has solved this problem and shortly will publish full

details of his proposed plan. The Jesuit priest has worked for years in his little laboratory out in the college buildings. There is something of the ancient alchemist in his appearance and all of the enthusiasm of one in his keen eyes. He believes that upon reduced carnotite the world will depend for its radium supply. Carnotite is lower in radium content than pitchblend, from which nearly all the radium supply is secured today, but the carnotite is more easily reduced and much more plentiful. Pitchblend is found in exceedingly small quantities in Europe, mostly in Austria. Carnotite is found in comparative abundance in southwestern Colorado.

Heretofore almost prohibitive rates have been paid to ship great masses of carnotite to Europe to have the radium extracted. Father Forstall believes he has the right plan to extract the radio-active sulphates from the carnotite before the stuff is sent to be refined of its precious radium. "I cannot give out anything now," said Father Forstall today, "but I hope soon to have the correct solution. I know I am on the right track, for dozens of experiments I have made in the past year have turned out successfully. I am naturally compelled to experiment with very small portions of the ores in which radio-active sulphates are found, and of course this makes it absolutely necessary for me to make many more experiments and then work out a general average."

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by Matter's Drug Store under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine, it is this that is sold on the money-back guarantee. —Advertisement.

CURRENCY REFORM IS DISCUSSED BY BANKERS OF STATE

SAN DIEGO, May 16.—Currency reform discussion was the program of the California Bankers' Association today. European financial systems as models for a more stable system here being discussed. It is not known whether any specific plan will be endorsed. The convention ends tomorrow.

U. S. MUST SURRENDER \$1,000,000 TAX MONEY

WASHINGTON, May 16.—More than \$1,000,000 collected in corporation taxes must be surrendered by the treasury as a result of the supreme court's decision that a corporation leasing its property and deriving its only income from the lease is not "doing business" within the meaning of the law and is not taxable.

I.O.O.F. ASSEMBLY ELECTS OFFICERS

Grand Rebekah Assembly Also Chooses Leaders For the Coming Year

LOS ANGELES, May 16.—The Grand Lodge of Odd Fellows yesterday elected the following officers for the ensuing year: Grand Master—Thomas H. Selva, San Francisco; Deputy Grand Master—A. P. Johnson, San Diego; Grand Warden—Frank D. Macbeth, San Francisco; Representative to the Sovereign Grand Lodge for one year—Charles L. Snyder, San Jose; Secretary—H. T. Richardson, San Francisco; Treasurer—James W. Harris, Trustee of Odd Fellows' Home—D. A. Sinclair, Oakland; Grand Trustees for one year—E. H. Black, San Francisco; John Glosion, Grass Valley; Joseph Foster, San Diego.

Last night the Crown City Lodge of Pasadena gave an exemplification of the initiatory degree at the Shrine Auditorium, followed by the work of the first degree given by America Lodge of Los Angeles.

The following officers for the coming year were elected by the Rebekah Assembly in the First Baptist church: President, Mrs. Janie A. Bennett; Angel Camp; vice president, Mrs. Fannie Lacy, Santa Ana; secretary, Mrs. Mary Donoho, San Francisco; treasurer, Mrs. Lois M. Mykoff, Berkeley; grand warden, Mrs. Adel Stockwell; trustee, Mrs. Minerva Kesar, Oroville. The ticket met with no opposition.

THOMAS FOX NOMINATED AS SACRAMENTO POSTMASTER

SACRAMENTO, May 16.—Word was received from Washington yesterday that Thomas Fox, local Democratic boss, will be postmaster for Sacramento, providing he is approved by the senate. His nomination was sent to the senate yesterday afternoon. There were two other aspirants for the position, L. E. Bontz, manager of the Sacramento Union, and Fred J. Johns, a local realty dealer. Mr. Fox was postmaster under Cleveland. He will succeed George Treichler, who will be retained as deputy.

MISSOURI VICE PROBE OPENS—WILL CALL WITNESSES

ST. LOUIS, May 16.—With sensational testimony rivaling that which attended the Illinois vice commission hearing, expected, the wage commission, created by the Missouri legislature to investigate wages, working conditions and living conditions in the state met yesterday at the call of Chairman Michael J. Kinney to outline its program. Chairman Kinney said the commission would begin to hear witnesses within the next few days. Factory and department store owners and managers, heads of departments in all kinds of industrial establishments and employees at all such places will be heard. The commission has been particularly interested in securing hundreds of girls who are employed in all kinds of establishments as witnesses. The preliminary proceedings have been kept secret but from time to time there have leaked out rumors to the effect that some of the testimony of the girls will be of a startling nature.

SUMMER NORMAL AT SAN DIEGO

The State Normal School at San Diego has issued as Bulletin No. 1 of first series announcement of the summer session, July 1st to August 8th. The bulletin contains outlines of twenty-six courses, including school administration, school problems, history, ethical education, arithmetic, agriculture, English, music, drawing, woodwork, geography, and the home economics group of subjects. President Hardy and his excellent corps of teachers will be assisted by Dr. Margaret F. Shallenberger of the State Normal School, San Jose; Ralph S. Roberts, instructor in manual training, Los Angeles city schools; Bessie E. Hazen, instructor in drawing, State Normal School, Los Angeles; and Jean Krueger, former instructor in domestic arts, Indianapolis, Ind.

One of the features of the summer school will be the joint sessions with the Summer School of Archaeological Institute of America, under the direction of Dr. Edgar L. Hewitt, director of the American School of Archaeology, and director of Exhibits of the Panama-California Exposition of San Diego. In addition to lectures by Dr. Hewitt, there will be a series of addresses by Dr. Louis B. Payton, former director of the school in Palestine; Dr. H. R. Fairclough, Leland Stanford Junior University; and Dr. John F. Harrington, Ethnological Investigator of the School of American Archaeology. Students of the normal summer school will be admitted free to all these lectures and to the various excursions which will accompany them.

STRIKE IS AGAIN ACTIVE ON COAST

Pacific Gas and Electric Co. Will Not Treat With Light and Power Council

SAN FRANCISCO, May 16.—Following the flat refusal of General Manager J. A. Britton of the Pacific Gas & Power Company to treat with or to recognize the Light and Power Council, the officers of the latter organization say the strike is in force against the Pacific corporation throughout Northern and Central California and will be fought to a finish. Following the conference of the labor leaders, Manager Britton of the Pacific company stated that the company had always negotiated separately with the various unions and now refused to deviate from that custom to negotiate with the council.

STRIKERS TO BOYCOTT ALL STRIKE AFFECTED CITIES

SAN FRANCISCO, May 16.—Retaliation by an immediate boycott of all the strike affected cities is the plan of the striking employees of the Pacific Gas and Electric Company as announced today. The action was taken as a result of the refusal of the corporation to treat with the light and power council. The strikers neglected to state the probable method of procedure.

Styleplus \$17 Clothes

"The same price the world over"

You can afford to risk \$17 on a Styleplus suit for this spring if in so doing you learn how to become better dressed for less money.

In fact, you run no risk at all, for we guarantee that Styleplus will give perfect service—or you get a new suit.

You can pay \$20 to \$25 in other stores for clothes that do not measure up to Styleplus Clothes \$17, which we alone sell.

THE WARDROBE, Uttley & Mead. 117 East Fourth Street.
